

2018 Wrath Syrah, San Saba Vineyard, Monterey

Tasting Notes While the impenetrable color would suggest a wine of epic power, this Syrah is surprisingly elegant and graceful. The aromatics include blackberry, leather, graphite and peppercorns. The palate is rich, concentrated and structured thanks to the firm natural acidity and seamless tannins. As with its predecessors, the 2018 San Saba Syrah is a reflection of the minerally soils, strong afternoon winds and cool ambient temperatures of our estate vineyard.
Certified Sustainable (SIP)
