

2019 EX Syrah, Monterey

Tasting Notes:

Back by popular demand! The last vintage of EX Syrah produced was 2014. Since then, we've gotten many requests for this wine so who are we to say "No". Estate grown fruit is hand picked and hand sorted before crushing and aging in French oak barrels, 20% of the lot is given whole cluster fermentation to add aromatics and moderate acidity. The flavors in this wine exemplify cold-weather grown syrah... dark fruit flavors of boysenberry and blackberry are balanced with savory notes of black pepper, meatiness and a touch of smoke; silk tannins and a long, lingering finish pull you back in for another sip. Certified Sustainable
