

Wrath

2018 Wrath Pinot Noir, McIntyre Vineyard

Overview

Wrath represents a nexus of nature and an unbridled passion for winemaking. We produce site-driven Pinot Noir, Chardonnay, Syrah, Falanghina and Sauvignon Blanc from our estate vineyard and respected properties in the Santa Lucia Highlands. Our production is small, our distribution is limited and our wines reveal attitude, passion, and an inherent respect for what a vineyard can give us.

Philosophy

Our wines are a record of the topography, geology and climate of a finite, naturally defined piece of land over the span of a growing season. They chronicle the elaborate dance between terroir, grape, people and time. While all of our wines possess strong varietal characteristics, their real strength is their ability to deliver the unique aromatics, flavors and textures of a specific site.

Vineyard

This site was first planted in 1973 to Pinot Noir by the McFarland family. Purchased by Steve McIntyre in March 1987, it has been intensely upgraded and subsequently certified as sustainable by the CCVT (Central Coast Vineyard Team). Of the 80 acres, 60 are planted to vines and 20 are set aside as a wildlife corridor. This vineyard has the oldest Pinot Noir vines in Santa Lucia Highlands.

Production Notes

Hand harvested and hand sorted, the grapes are cold soaked for three days before inoculation. Clonal lots are kept separated in small open-top bins during fermentation and 20% of the bins go through whole cluster fermentation. Close monitoring ensures that production stages are implemented at optimal periods. The young wine is racked into an assortment of barrels, only French oak, from various tonnelleries for added complexity. This wine was barrel aged for 10 months before filtering, bottling and laying down for another 12 months of bottle aging before release

Technical Data

Composition	100% Pinot Noir
Vineyard	McIntyre Vineyard
AVA	Santa Lucia Highlands
Clones	115- 100%
Oak	French oak, 40% new
Alcohol	14.2
Cases produced	329
