

Wrath

2019 Wrath Syrah, San Saba Vineyard

Overview

Wrath represents a nexus of nature and an unbridled passion for winemaking. We produce site-driven Pinot Noir, Chardonnay, Syrah, Falanghina and Sauvignon Blanc from our estate vineyard and respected properties in the Santa Lucia Highlands. Our production is small, our distribution is limited and our wines reveal attitude, passion, and an inherent respect for what a vineyard can give us.

Philosophy

Our wines are a record of the topography, geology and climate of a finite, naturally defined piece of land over the span of a growing season. They chronicle the elaborate dance between terroir, grape, people and time. While all of our wines possess strong varietal characteristics, their real strength is their ability to deliver the unique aromatics, flavors and textures of a specific site.

Vineyard

Our Estate San Saba Vineyard is set in a sheltered nook just below the Santa Lucia Highlands AVA. The estate consists of 72 acres of which 67.75 are planted to Chardonnay, Pinot Noir, Sauvignon Blanc, Syrah and Falanghina. This is a cool site with little rainfall and one of the longest growing seasons in the world. Our soils, Arroyo Gravelly Loam and Hanford Gravelly Sandy Loam, provide a low-vigor, well-draining, disease- and pest-free medium for our vines. They also impart a subtle mineral quality to our wines.

To preserve our local ecosystem, we have worked with viticultural consultant Steve McIntyre to develop a sustainable farming program, certified by the CCVT, tailored to our estate. In addition to protecting the local environment, we believe it allows us to produce wines that are more authentic and specific to our terroir.

Production Notes

Grapes are hand harvested and hand sorted. Clonal lots are kept separate during fermentation. All our single vineyard syrahs use a similar whole cluster fermentation (20%) and oak regimen. This helps highlight the individual personality of each vineyard. After on-site bottling, the wine rests for another 12-24 months of bottle aging before release.
