

Wrath

2021 Wrath Pinot Noir, Lemoravo Vineyard

Overview

Wrath represents a nexus of nature and an unbridled passion for winemaking. We produce site-driven Pinot Noir, Chardonnay, Syrah, Falanghina and Sauvignon Blanc from our estate vineyard and respected properties in the Santa Lucia Highlands. Our production is small, our distribution is limited and our wines reveal attitude, passion, and an inherent respect for what a vineyard can give us.

Philosophy

Our wines are a record of the topography, geology and climate of a finite, naturally defined piece of land over the span of a growing season. They chronicle the elaborate dance between terroir, grape, people and time. While all of our wines possess strong varietal characteristics, their real strength is their ability to deliver the unique aromatics, flavors and textures of a specific site.

Vineyard

Part of the Kirk Williams (KW Vineyard) portfolio of vineyards/citrus groves, Lemoravo is fairly small (26 acres) and sits in the more southern part of the Santa Lucia Highlands. Its name is a portmanteau of the three crops that used to be grown there: Lemons, Oranges, Avocados. Meticulously farmed, Wrath is one of several noteworthy wineries that are lucky to have access to grapes from this vineyard.

Production Notes

The 2021 vintage in Monterey began with colder than usual winter temps so budbreak happened later than early-mid February, which is the norm. However, summer temperatures were cooler than the usual so vines had a chance to ripen slowly and completely. All in all, it was one of the best growing seasons in several years and resulted in high quality fruit and slightly better than usual yields. Hand harvested and hand sorted, the grapes are cold soaked for three days before inoculation. Clonal lots are kept separated in small open-top bins during fermentation and 20% of the bins go through whole cluster fermentation. Close monitoring ensures that production stages are implemented at optimal periods. The young wine is racked into an assortment of barrels, only French oak, from various tonnelleries for added complexity. This wine was barrel aged for 10 months before bottling and laying down for another 12 months of bottle aging before release.

Technical Data

Composition	100% Pinot Noir
Vineyard	Lemoravo Vineyard
AVA	Santa Lucia Highlands
Clones	Clone 777- 70% and Pommard 4- 30%
Oak	French oak, 25% new
Alcohol	14.2
Cases produced	340
SRP	\$55
